About S. K. Ghosh Associates LLC
The company provides seismic and code-related consulting services to engineers, businesses, trade associations, code-writing bodies, and governmental agencies involved in the design and construction of buildings and other structures that are impacted by the provisions of building codes.

The company serves as a technical resource on structural codes and standards for enforcement agencies and personnel; design professionals; academics; and the material industries. Technical support is provided through publications, training, peer reviews, research projects, computer programs, code interpretations and comparisons, a website, and other means.

About the International Code Council®
The International Code Council is the leading global source of model codes and standards and building safety solutions that include product evaluation, accreditation, technology, codification, consulting, training and certification. The International Code Council's codes, standards and solutions are used to ensure safe, affordable and sustainable communities and buildings worldwide.

The International Code Council family of solutions includes the ICC Evaluation Service (ICC ES), S. K. Ghosh Associates, the International Accreditation Service (IAS), General Code, ICC NTA, ICC Community Development Solutions, Alliance for National & Community Resilience (ANCR) and American Legal Publishing.

Table of Contents

CHANGES IN SEISMIC DESIGN REQUIREMENTS FROM ASCE 7-16 TO ASCE 7-22 1

ABSTRACT 1
1. SEISMIC DESIGN OF ASCE 7-16 1
2. SEISMIC DESIGN OF ASCE 7-22 4
2.1. Change No. 1 ..... *4*
2.2. Change No. 2 ..... *4*
2.3. Change No. 3 ..... *5*
2.4. Change No. 4 ..... *5*
2.5. Change No. 5 ..... *16*
2.6. Change No. 6 ..... *19*
3. CONSEQUENCES OF CHANGES IN SEISMIC DESIGN PROVISIONS FROM ASCE 7-16 TO ASCE 7-22 22
3.1. Short-Period "Spikes" in the Multi-Period Spectra *22*
4. VALUES OF S_{DS} AND S_{D1} 24
5. TWO-PERIOD SPECTRA FOR THREE WUS AND THREE CEUS CITIES 27
6. SOFT SOIL SITES IN THE CENTRAL AND EASTERN UNITED STATES 34
7. CONCLUDING REMARKS 36
8. REFERENCES 36
